### A BIG AFFAIR

Will be Next Saturday's Labor Day Demonstration.

#### THE ONE-FARE RAILROAD RATE

Assures a Large Attendance from out of Town Points-Encouraging Reports Submitted at Last Night's Meeting of the General Committee. Public Invited to Take Part-After a Holiday Proclamation.

Arrangements are progressing rapidly for the annual labor demonstration next Saturday, which promises to eclipse its predecessors in many respects, notably attendance, owing to the low rates offered by the railroads. The general Labor Day committee of the trades assembly met last night and passed on reports from sub-committees,

all of which were of a flattering nature The grounds committee reported that more space had been taken than on any previous Labor Day.

The Wheeling Railway Company, through Vice President B. W. Peterson, requested advertising matter for the demonstration to be used on its cars in advertising the affair, and the committee was only too willing to take advantage of this opportunity to boom the day's doings.

A motion was unanimously adopted, in line with the recommendation of the committee on arrangements, that the public generally be tendered an invita-tion to take part in the parade.

Chief Marshai Tighe was unable to report his list of aides, but will present it for Tuesday morning's paper. It was decided to extend the march

south of the creek to Thirty-third street, and that Ninth street would be the northern limit.

The announcement that all railways entering Wheeling had agreed to give a one-fare rate for the round trip to Wheeling on Labor Day, good for two days, was received with great pleas-

There will be six divisions of the parade, and their leaders were chosen by lot, and will be as follows: Prosperity Lodge, tin workers; printers, glassworkers, brewery workers, stogie makers, potters.

The amusement committee submitted its list of prizes for the bicycle races. The cash prizes for the horse races were decided on. The blcycle race win-ners will be dowered as follows: Three mile handicap—First prize,

union made bicycle; second, bicycle suit; third, gold chain and charm; fourth, bicycle lamp; fifth, cyclometer,

One mile handicap-First prize, fine gold watch; second, scarf pin; third, gold button; fourth, gold sleeve links; fifth, golf hose.

Before adjourning the committee desired to rejuest all factories to close on Labor Day, and to urge the mayor to issue a proclamation making Saturday a holiday.

prepared dish for breakfast, it is like an inspiration to come across Grape-Nuts.

No cooking is needed. The food can be served instanter with a little cream or milk and the taste is that of the delicate crisp aweet of grape sugar, to be seen glistening on the small granules.

seen glistening on the small granules.

This grape sugar is produced from the starchy parts of the grains and is crystalized and deposited naturally during the processes of manufacture.

The taste of Grape-Nuts is most captivating. Don't let it lead you to eating more than 4 or 5 teaspoonsful.

The food is condensed and great volume is not required.
